## Meeting 4742 – 20 February 2019

Speaker's Host Peter Neal opened the meeting, resplendent in red rimmed glasses, blue shirt and beige (is that a shade of yellow?) jacket, rather than his preferred teal and black, and introduced VP Heidi Unferdorben.

Heidi welcomed guest speaker Heather Croall, along with her partner Nick Phillips and Henry Naylor, a visiting Playwright from the UK. She thanked Rajeev Kamineni for his excellent presentation at the social evening which attracted a record attendance of 53 RCA members and friends. Members acclaimed her announcement of Roy Scragg's 95<sup>th</sup> birthday.

Lenard Sciancalepore and Joe Pritchard from the Adelaide University Rotaract Club presented the Spotlight on Service. Lenard thanked RCA member David Everett for his work completing the President's plaques for the Club, and Joe thanked RCA for sponsoring Rotaractors attending the recent conference at Adelaide Oval.

Peter Neal then introduced guest speaker Heather Croall, CEO of the Adelaide Fringe. Heather started by imploring us all to get out amongst the Fringe and enjoy its offerings. It all started in 1960 from a very small group of theatrical risk takers and has grown to be the second largest Fringe Festival in the world.

This year's Fringe sold 60,000 tickets in the first weekend with total ticket sales so far reaching 250,000 - which equates to about \$6M. The opening night saw 150,000 people visit the Adelaide CBD. Ticket sales have increased steadily every year since 1960 and are currently 20% up on last year's total at this time. Incredibly, Adelaide Fringe ticket sales account for 39% of all Arts Festival ticket sales in Australia annually. The Fringe accepts all performers and does not curate. No artists are paid but they receive all of their ticket sales.

The program can be overwhelming, so many improvements have been made this year. The website has improved search functions including a "near me now" function that will highlight shows about to start near you. There is also a "Fringe by Day" guide highlighting matinee shows, a disability access guide and a social change guide highlighting shows centred around that theme.

During question time it became apparent that many members have connections to Fringe venues or Fringe performances and Heather issued the challenge of supporting as many of these as possible.

the Club from the cruise bookings amounted to about \$1,400, and that he will make this up to a round \$1,500. He will hand a cheque over as soon as arrangements have been made.

### Rotary's Investment to Fight Against Polio

Rotary has been working to eradicate polio for more than 30 years. Our goal of ridding the world of this disease is closer than ever. As a founding partner of the **Global Polio Eradication Initiative**, we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.
