This grant opportunity is an open competitive grant process. The Rotary Club of Adelaide will assess your application against the assessment criteria.

7.1 Assessment of grant applications

We review your application against the eligibility criteria (Section 4). We will then assess compliant and eligible applications against the assessment criteria as outlined in (Section 5) using a 5-point numerical scoring scale. Comparatively, we consider all applications on merit and against other applications, based on:

- How well your application meets the criteria
- How it compares to other applications
- Whether your application provides value with relevant money
- How it meets the outcomes and objectives of the Program
- The impact of the Project and potential for sustainable outcomes
- How will your project/program strengthen both organisations?

Table 2 Assessment criteria and scoring metric

Rating (for each criterion)	Score
Excellent – response to this criterion, include all sub-criteria, exceeds expectations	5
Good – response to this criterion addresses all or most sub-criteria to a higher-than-average standard	4
Average – response against this criterion meets most sub-criteria to an average but acceptable standard	3
Poor – poor claims against this criterion but may meet some sub-criteria	2
Does not meet criterion at all – response to this criterion does not meet expectations or insufficient or no information to assess this criterion	1

In assessing the extent to which the application represents value with relevant money, we will have regard to:

- The overall objective/s to be achieved in providing the grant
- The relative value of the grant sought and the indicative activity budget
- The extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives, and
- How the grant activities will target key audiences.

7.2 Who will assess applications?

Rotary Club of Adelaide volunteers will form an assessment committee to assess eligible and compliant applications.

Following a set of assessment criteria, the committee will review applications on their merits to select the shortlisted applicants and advise the Rotary Club of Adelaide members. Rotary Club of Adelaide member feedback will then be used in making the final recommendation.

The assessment committee may seek additional information about you or your application. They may do this from within the Rotary Club of Adelaide, even if the sources are not nominated by you as referees. The assessment committee may also consider information about you or your application that is available through the normal course of business.

The assessment committee recommends to the Board of Rotary Club of Adelaide which applications should be approved for a grant.

7.3 Who will approve grants?

The Board of the Rotary Club of Adelaide has the final say on which grants to approve, usually at its July meeting, taking into account the recommendations of the assessment committee and the availability of grant funds for the purposed of the grant program.

Their decision is final in all matters, including:

- The approval of the grant
- The grant funding amount to be awarded
- The terms and conditions of the grant

There is no appeal mechanism for decisions to approve or not approve a grant.

8. Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

8.1 Feedback on your application

If you are unsuccessful, you may ask for feedback within two weeks of being advised of the outcome. We will arrange a phone call/teleconference to provide verbal feedback within one month of your request.

9. Successful Applications

9.1 The MOU

Successful applicants will enter into a legally binding MOU with the Rotary Club of Adelaide. The MOU will include general terms and conditions that cannot be changed. We base the approval of your grant on the information you provide in your application.

We must execute a MOU with you before we can make any payments. We are not responsible for any of your expenditure until a MOU is executed, and you must not start any project activities until a MOU is executed.

Your MOU may have specific conditions determined by the assessment process or other considerations made during the final selection process. We will identify these in the MOU.

You will have 14 days from the date of a written offer to execute this MOU with the Rotary Club of Adelaide. During this time, we will work with you to finalise the details.

The offer may lapse if both parties do not sign the MOU within the required timeline. Under certain circumstances, we may extend this period.

You may request a change to the MOU and the Rotary Club of Adelaide reserve the right to disapprove any changes to the project details to ensure they do not impact the grant as approved.

We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your MOU.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the MOU and the likely impact on achieving outcomes.

11.5 Evaluation

We will evaluate the grant program to measure how all the outcomes, outputs and objectives have been achieved. We may use information from your application and project reports for this purpose. We may also interview you or ask you for more information to better help us understand how the grant impacted you and to evaluate how effective the Program was in achieving our outcomes and outputs.
